## Introduction

The profiles on the following pages include statewide and individual community college summary overviews of these key areas:

- Student demographics including full time equivalent (FTE) and headcount enrollment by program area, race/ethnicity, gender, and age
- High school connections
- Faculty and staff
- Finances including tuition and fees, financial aid and state funding
- Best practices in use for student success
- Status of key performance measures

## Glossary of Terms

**CCSF – Community College Support Fund:** Funds received through the State's General Fund appropriation and distributed to the community colleges for the purpose of funding educational programs (OAR 58-002-0100).

**Dual Credit:** Secondary and postsecondary credit for a course offered in a high school during regular school hours, as determined by local school board and community college board policy.

**FTE – Full-time equivalent students:** Annualized FTE equals 510 student class clock hours.

**LDC – Lower Division Collegiate:** Courses which parallel the offerings of the first two years of the four-year institutions and carry regular college credit.

**CTE – Career and Technical Education:** Includes Occupational Preparatory, Supplemental and Apprenticeship:

Preparatory: Courses/programs which prepare students for a career in a professional technical field.

Supplemental: Courses which students can take to improve or upgrade themselves in their current career field.

Apprenticeship: A minimum of 2000 hours in a skilled trade customarily learned through related training and work on-the-job.

**Developmental Ed:** Composed of five types of instruction: ESL - English as a Second Language; ABE - Adult Basic Education; GED - General Educational Development (high school equivalency); AHS - Adult High School (yields HS diploma); PSR - Post-secondary Remedial

**Adult Basic Education:** Instruction designed for adults who have minimal skills in reading, writing, and computation and are not sufficiently competent to meet the educational requirements of adult life in the United States. (Adult Education and Family Literacy Act).

**Adult High School:** Instruction which provides adult students the opportunity to complete Carnegie units toward high school graduation in an adult setting. If the classes are offered at pre-college level, they are accounted for in the AHS funding category.

**GED – General Educational Development:** Program which classes prepare students for a certificate of high school graduation equivalency.

**Post Secondary Remedial:** Post secondary remedial classes offered to students whose entry level skills indicate they are not sufficiently prepared for college-level classes. Reading, writing, math, study skills and other pre-college classes are PSR.

**Adult Continuing Education:** These are health/fitness, safety and workforce courses as provided by the Oregon Legislative Assembly's 2002 Fifth Special Session. These are courses which do not lead to a baccalaureate degree. As a general rule, these courses are designed to serve as parts of programs of study for adults and are planned to aid the student in attaining an optimum degree of self-development in the areas listed above.

**Unduplicated Headcount:** Total unduplicated headcount enrollment provides a more comprehensive picture of students served in all courses. This number reflects the total of all students, counted only once, enrolled during any of the four terms of the year, regardless of course load. Both regular and extended campus enrollments are included in this number.
